# eduID Introduction

---

- eduID (sometimes refers to education unique IDentifier) is a popular phenomenon in academic communities worldwide.
- LEARN eduID is to provide students and staff members with lifelong learning, research, and collaboration with a number of research institutions and companies.
- Currently, eduID is exclusively for LEARN members only.
- There are two kinds of eduID accounts as staff and students.
- After a successful registration, your eduID will be activated within 48 hours.
- Then you will be able to access all the services which are authenticated via your eduID credentials.

# Importance/Purpose of eduID

---

- An eduID (lk) is an account for users within higher education and research in Sri Lanka.
- eduID is easier because you only have to remember one username and password to access many services around the world (Single Sign On - SSO).
- It is also safer for the institutes because it is connected to a real individual.
- In other words, an eduID does not belong to the institution where the students/staff are enrolled, but to the users themselves.

# eduID Requirements

---

- To register for an eduID, one should have the following essential requirements
  - Valid student/ staff identity card obtained from a LEARN member institute
  - National Identity Card (NIC)
  - Personal email address – will be verified
  - Personal mobile number – will be verified

# eduID Services Catalog

# Office 365

---

- Soon after your eduID is activated, you will be able to access Microsoft Office 365 educational (A1) package.
- It includes online office apps (Word, Excel, PowerPoint, Teams, Outlook, OneDrive, etc.).
- Microsoft Teams will help you to collaborate with each other; you can have group video meetings (like Zoom).
- For staff members, the 'Faculty' category of the package will be provided.
- For student members, the 'Student' category of the package will be provided.
- The Office 365 account will be discontinued after your studentship/institute affiliation is ended.
